Certification of the Syntegon Group according to ISO 9001, ISO14001, ISO45001

DQS GmbH hereby confirms that it has been commissioned with the certification according to DAkkS requirements.

In order to harmonize the terms and deadlines of the certifications, the auditing according to ISO 9001:2015, ISO14001:2015 and ISO45001:2018 will be delayed by approx. 6 months, which may result in a certification-free period.

The company:

Syntegon Technology A/S
Elmvej 9
DK-4262 Sandved
Denmark

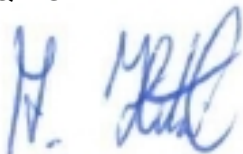

is also changing the certification company and from individual certification to the existing Syntegon matrix and is accepting a certificate-free period for this.

The aim here is to achieve combined audits and concurrent audit cycles and certificate durations.

Audit period: September to November 2025

After completion of the audits, the company will receive an combined certificate with a term of 3 years.

Yours sincerely
DQS GmbH
