

New Phone Numbers Syntegon Technology GmbH in Waiblingen Site

Due to the sales of the Packaging Technology division of Bosch Group to CVC Capital Partners the phone numbers of our **Waiblingen** site have changed as follows.

New central telephone exchange for Waiblingen:

+49 7151 14-0

The change effects the company number and the extensions of your contacts:

	area code	company number	extension
old number	+49 711 ✘	811 57 ✘	NNNNN ✘
new number	+49 7151	14	XXXX

The switch to the new phone numbers took place in November 2019. Till the end of 2019 all phone calls with the old number were automatically redirected to the new number.

Please ask your contact for the new phone number. If you received an e-mail recently, you can find the new phone number also in the e-mail signature.

For all other production suites of Syntegon, the phone numbers do not change.
